World Art Awards Selects The 20 Best International Art Galleries For 2026

May 15, 2026 Los Angeles.

The World Art Awards has selected the 20 Best International Galleries for 2026. Selections were based on years established, industry reputation, online interest, location, size, aesthetics, socially relevant exhibits, motivational and educational programs as well as represented artists.

World Art Awards: "This year we awarded revered historical art establishments having the highest standards of curatorial excellence presenting endless inventories of blue-chip

Old Master originals, placing works in top collections across the globe. We also selected many newer hot-spot galleries setting trends with hyperrealism, digital and AI works, demonstrating community-focused workshops and panel discussions bridging the gap between aesthetic expression and pressing societal issues.

“All our Top 20 Galleries have rotating schedules of diverse exhibitions, a few partner with corporations, a number also publish annual catalogues of their exceptional international rosters and the majority actively participate at significant global gatherings akin to Art Basel, Frieze and TEFAF Maastricht.

“We opted for many high-rated private galleries in disparate countries representing important young work, from painting to digital to photography to sculpture. All these galleries are a vital part of the international art forum while focusing on advancing their regional artists, be they Austrian, Bulgarian, Cypriot, Israeli, Mexican, Moroccan or the American Southwest.”

“We honored the largest gallery in Arizona, a 20,000 square foot Sedona mystical temple displaying the finest of every style with emphasis on cutting-edge spiritual art, as does our Bulgarian winner.

“We chose a renowned three-story London showplace exhibiting heralded contemporary Eastern and Western art and also Australia’s premier glassworks facility. We selected a Florida institution which has expanded to four locations, equaling 20,000 square feet giving it the largest exhibition space in South Florida with close proximity to Art Basel & Art Miami.

“We selected the only gallery in Taiwan that has focused on the art of photography for over 17 years with high-ranking photographers from the region as well as from Germany, Britain, France, Poland, Japan, South Korea, USA and China. We also decided on large, modern art facilities in Denmark, England, Morocco and USA with influential international presences.”

World Art Awards annually awards 20 galleries, and with their critique, awards 300+ deserving contemporary artists from 60+ countries.

The globally-recognized World Art Awards, American Art Awards and Art Collectors Choice Awards are headed by award-winning actor, author, painter, film-maker Thom Bierdz. <https://www.AmericanArtAwards.com>
